'Strive to Succeed'

Headteacher Mr. D. Harding B.Com, PGCE, NPQH

Monday 2nd July 2017

Dear Visitor,

I am writing on behalf of all the children at Stockton Heath Primary School to thank you greatly for giving up your time to come and talk to all the children about your profession, at our first ever careers forum.

At our most recent school council meeting, it was evident that many of the children were inspired by the talks and it has helped children to think about what job/career they might be interested in for the future.

Thanks to your visit, we have had an insight into your occupation and what skills and subjects are required. We have found out what is challenging about your career and the aspects you find interesting.

Thank you so much for answering all of the children's questions about your employment as this has helped to expand our knowledge of your career. We hope you noticed that all of the children had lots of questions and were genuinely interested in your answers.

We think that the children at Stockton Heath will continue to talk about the careers forum for many months and years to come and we know that it has sparked the interest and enthusiasm of many of our children. We have formally reviewed the outcomes from the careers forum via our school council and have included an evaluation for you to read.

Thank you again for giving up your time as we are extremely grateful. We hope that we will be able to continue to work with you in the future to strengthen our community links.

From all the children at Stockton Heath Primary School

Olivia Divall – Head Girl
